Steam Mill for Sale.

THE subscriber now offers his new steam saw mill for sale, situate on the Ridge ut ten miles easterly from Fremont, and only 100 rods from the Maumes and Western Reserve Turnpike Road, and within about 25 rods of the surveyed line of the Wellington and Toledo

Railread.

The mill is a superior one, in all respects, being in a healthy location, having the very best of water, that which will not corrode a boiler. The building is of the most substantial kind, 35 by 61 feet, fitted to saw logs 30 feet long. Having two circular saws and a machine for sawing felices attached, and sufficient power in the engine to drive the whole, and the boiler large enough to make the steam, and more too.

ABUNDANCE OF TIMBER. all around, and men that have got the snap to them to be it; there being no less than seventy teams astir in one day last winter, attached to some forty sleds and boats; and every ten days of good sledding is equivalent to about one thousand logs.

Any person wishing to get large contracts for the Railroad, or wishing to enter into the lumber business will find it to their advantage to call and see for themselves.

And any person anticipating building a Mill, can op equally as well to call, for they can half pay for one while they would be building. The building being so framed, as to be easily taken down and ast up—sould require but little time to remove it.

The subscriber has also 105 acres of good

land—about forty scres cleared, a good frame Barn, a young Orchard of over one hundred grafted Apple trees, most of which are bearing, with Peaches, Pears, Plums, Cherries, Quincis, Grapes, &c. &c which have also commenced bearing. The mill and farm will be sold separate or together, to suit purchasers; and liberal terms of payment given.
